

Community Update Meeting & Open House

Willapa Shoreline Erosion Protection Demonstration Project

- What:**
- Informational exhibits with preferred alternatives for long-term shoreline erosion protections.
 - Visit with representatives from the engineering firm, state and federal agencies, and community members who recommend a specific design and construction strategy to permanently halt shoreline erosion in North Cove.
 - This engineering demonstration project is part of a master plan for a workable solution to ongoing erosion across the entire North Willapa shoreline.

When: **Wednesday, April 17, 2019 from 5:00pm – 7:30pm**
Formal presentation at 5:30pm; exhibits open throughout.

Where: **Shoalwater Bay Community Center**
2373 Old Tokeland Road, Tokeland WA 98590
